

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. # LIBRARY REGULATIONS.

[EXTRACT FROM THE BY-LAWS.]

---

XXI. The following shall be the regulations for the use of the Library :

1.

No book or manuscript shall at any time be lent to any person to be removed from the Library.

2.

No manuscript in the Library, nor any paper read before the Society and deposited in its archives, shall be published, except by the direction of the Society, or with the consent of the Executive Committee.

3.

The hours during which the Library shall be open, shall be determined, from time to time, by the Executive Committee.

4.

During such hours, any member of the Society may have free access to consult any book or manuscript, except such as may be designated by the Executive Committee, and to make extracts from the same under the authority of the Librarian. Any person not a

member, may obtain the like privilege of consultation from the President or Librarian, if known to them, or upon the recommendation of some other member, to whom the applicant is known. But no person not a member, shall be permitted to take extracts from the manuscripts of the Society, excepting the donors or depositors of the same, without special authority from the Executive Committee.

## 5.

It shall be the duty of the Librarian, or his Assistant, to report to the Executive Committee any injury done to any book or manuscript by any person consulting the same; and the said Committee may, at their discretion, lay such reports before the Society. For any such injury, the person doing it shall make such pecuniary compensation as the said Committee shall judge proper; and if he be not a member, the Committee shall have power to prohibit him from further access to the Library.
